# education, TRAINING & RECRUITMENT *guide*

## **Education, Training & Recruitment is the keystone to ensuring our future generations growth and development.**

Education & Training facilities available to families and students from the Bay of Plenty are extensive - starting from Childcare/Pre-School, Primary School, Secondary School, Colleges, Poly-techs and Tertiary Education providers. Each of these facilities strive to deliver the highest standard of education & training.

There are also a number of career specific training programmes or businesses available for expanding career choices. Choosing that path can be difficult and many find it a challenge to know the best possible path to follow. Recruitment Agencies are there for that final step of helping to turn all the formal training and development into a chosen career. To assist you to inform our 57,000 readers about your business/services, we will provide the following:

As a key player in the Education, Training & Recruitment industry – we would like to invite you to be a part of our special publication - “Education, Training & Recruitment”. Our Education, Training & Recruitment Guide will be in full process colour on enhanced white paper stock.

It will cover all aspects of Education and Training from early development through to tertiary education. It will cover career choices and recruitment agencies.

To confirm your booking, please call direct or alternatively send through the confirmation of booking form.
